5. Fire-fighting measures

Extinguishing media	
Suitable	: Do not attempt to fight INNOVEX™ fire.
Not suitable	: No additional remarks.
Unusual fire/explosion hazards	: If a transport vehicle or surrounding combustible material burns, extinguish.
Special fire fighting procedures	: IF FIRE IS OUT OF CONTROL or has spread to the INNOVEX™, this could result in detonation, DO NOT FIGHT FIRE. Withdraw from the fire and let it burn itself out. Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. First move people out of line-of-sight of the scene and away from windows.
Protection of fire fighters	: Wear overalls, gloves, boots and eye protection as well as self contained breathing apparatus.

6. Accidental release measures

Personal precautions	: Overalls buttoned to the neck and wrist. Rubber boots. Gloves. Eye protection.
Environmental precautions	: Block source of spill and contain spill. Absorb with DRY earth or sand. Prevent entry into sewers, basements or confined areas, dyke if needed. If spill occurs on roadside, mix with dry earth. Use appropriate tools to collect into drums or suitable containers. Dispose waste using a professional registered waste disposal company.

Note: See section 8 for personal protective equipment and section 13 for waste disposal.

7. Handling and storage

Handling	: Keep away from sources of ignition. Keep away from incompatibles, such as combustible material, organic materials, alkalis and acids.
Storage	: Store in steel tanks or containers. DO NOT store adjacent to any potentially extreme source of heat or accumulation of combustible material. No open flames or smoking allowed in the vicinity.
Packaging materials	: Store in steel tanks.
Recommended use:	: Store in separate containers/tanks.
Not suitable	: No additional remarks

8. Exposure controls/personal protection

Engineering measures	: Provide exhaust ventilation or other engineering controls to keep in the airborne concentrations of vapours below their respective occupational exposure limits.
Hygiene measures	: Wash hands after handling compounds and before eating, smoking, using ablution facilities and at the end of the day.
